# YOUR CHECKLIST!

- Video Tutorial of Zip/Lace up of Dress** - It is essential that during your fittings, you take videos to show your bride tribe how to properly zip or lace up your wedding dress to avoid any mishaps on wedding day!
  
- Video Tutorial of How to Bustle Your Dress** - This is recommended because even if you bring someone who learns your bustle in person before the wedding it's best to have as back up.
  
- Nude Underwear** - Essential item! Commando offers a great range of nude undergarments depending on what shape you like and what looks good underneath your dress! [\*Click Here\*](#) to purchase various style options!

- Hand Held Steamer** - This item is a MUST! Be sure to consult with your stylist/seamstress first on how best to steam YOUR particular dress/veil to protect fabric and detailing. YouTube video on *How To Properly Steam Your Wedding Dress & Veil* [HERE!](#) [Click Here to purchase!](#)

- Back Up Heels** - Comfort not style here! Make sure they are the same height as the heel your gown was altered to. Pick the same heel height with a platform in the front to change the position of your foot for some pain relief! [Click Here to purchase!](#)

- Sewing Kit** - You just never know when you might need one! Better Safe than Sorry! [Click Here to purchase!](#)
- Scissors** - [Click Here to purchase!](#)

**Safety Pins** - You can never be too prepared and these will be needed! [Click Here to purchase!](#)

**Nipple Covers**

**Option 1** - Perfect for a smooth look! [Click Here to purchase!](#)

**Option 2** - These are great for a boob tape alternative. Provides lift and a nice shape. [Click Here to purchase!](#)

- Static Guard** - Video on how to remove static off wedding attire can be found [here!](#) [Click Here to purchase!](#)

- Tide Pens** - For any potential unwanted stains! [Click Here to purchase!](#)

- Heel Protector** - Stops your heels sinking into grass! [Click Here to purchase!](#)
